

## A level English Language and English Literature Non-Exam Assessment (NEA)

### What do you need to know?

- The NEC course materials and tutor will help prepare you for the NEA.
- You will need to complete the NEA as well as the written papers to achieve the A level qualification.
- There is no NEA for the AS.
- The NEA for English Language is 'Language in action', and consists of an investigation, original writing and a commentary.
- The NEA for English Literature is 'Independent critical study: texts across time', and consists of one extended essay and a bibliography.
- The NEA makes up 20% of the overall A level marks.
- The NEA must be completed in the same year that exams are being sat.
- If you resit the qualification you can carry over your NEA mark from a previous year.
- Private candidates may struggle to find an examination centre for A level English Language and English Literature as the entering centre will have the responsibility for supervising, authenticating and marking the NEA, and will also need to follow all requirements specified by the awarding organisation. **Students studying with NEC do not have this issue as we are able to deal with everything from supervision to examination.**
