

Structured GCSE Course Fees

The more you study, the more you save

We understand that many families are planning for more than one GCSE – whether that’s part of a full-time programme of study, home education, or a return to learning. Our pricing is designed to support that journey, offering significant savings as more subjects are added.

While the fee for a single Structured GCSE is £1,400, the average cost per subject decreases substantially when enrolling on multiple courses. For example:

- Enrolling on **2 Structured GCSEs** brings the cost per subject down to **£1,150**
- At **3 Structured GCSEs**, the cost drops to **£933 per subject**
- With **6 Structured GCSEs**, the cost is just **£700 per subject – a 50% saving**

This pricing model reflects our commitment to accessible, flexible education – offering excellent value without compromising on quality. Every student receives:

- Expert tutor support
- Full course materials
- Exam preparation guidance
- Ongoing access to our online learning platform

If you're planning a full Structured GCSE pathway, these savings can make a real difference. And with the flexibility to study at your own pace, you can build a personalised programme that fits your goals – and your budget.

Number of GCSEs	Total Fee	Cost per GCSE
1 GCSE	£1,400	£1,400
2 GCSEs	£2,300	£1,150
3 GCSEs	£2,800	£933
4 GCSEs	£3,200	£800
5 GCSEs	£3,750	£750
6 GCSEs	£4,200	£700
